## WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

## THE FOCUS FOR NOVEMBER

As we begin the month, if we focus and fine-tune our energies, we can readily discover rich new opportunities for material and spiritual wealth. By opening ourselves to the influx of higher consciousness, we can gain new levels of personal assurance that our unselfish dedication to higher values will never be in vain.

Even so, there are times when it is difficult to make choices, especially if we are intensely engaged with our opinions, beliefs, and prejudices. In fact, the more deeply we are invested in our own ego-driven perspectives, the more challenges we are likely to face. Nevertheless, if we simply open ourselves to more balanced and harmonious expressions of love, we can experience the kind of transformation that removes obstacles, dissolves distinctions, and germinates the seeds of richer, more fulfilling experiences.

After the November 9 New Moon, there is a part of us that pushes passionately toward bold new ideas and alluring conceptions, that looks in the mirror and sees not only who we are and who we have been, but who we are to become as well. Transforming those thought-forms into outer manifestation is essentially an automatic process, but we must have real strength of character if we are to bring them to light without allowing ourselves to become consumed by ego-born illusions along the way.

As Mars moves into retrograde motion in mid-month, we begin a ten-week opportunity to reevaluate our most headstrong tendencies, to reclaim the sensitivity and gentleness within ourselves that can instinctively lead us to wiser decisions and more life-supporting choices. By aligning our actions with our thoughts, we can trigger spontaneous flashes of insight that open up amazing levels of realization and fulfillment. Above all, we can more fully appreciate the fact that we have already been given everything we need to prepare ourselves for the enormous spiritual and material challenges that await us.

In the closing days of the month we can ask ourselves, What is the memory that love evokes? What former selves do we invite to return into our lives? When we experience Divine Grace right now, do we
