WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR JANUARY

Now, with a new year getting underway, we have an amazing opportunity to bring our highest and more profound ideals into material form, producing interactions and artifacts that not only keep us focused on the spiritual path, but that become landmarks in grace for the evolution of others. We have every right to expect the finest and the fairest to make itself manifest in every part of our lives right now—after all, isn't that exactly what we deserve?

Mercury begins retrograde motion on January 11, offering us a sacred opportunity to pause and reflect, to renew ourselves in spiritual dedication as we ask an all-important question: how well are we living up to the high standards set by the great teachers and avatars who opened the path before us? Indeed, how well are we living up to the full efflorescence of our divine potential?

Above all, our ability to become embodiments of divine grace rests upon our willingness to focus and discipline ourselves, to commit and consecrate ourselves to worthwhile and transcendent outcomes. Oddly enough, that doesn't really represent a sacrifice on our part. Instead, we are likely to find surprising reasons for optimism as we grasp more fully the notion that we will always be cared for and sustained by a loving, beneficent Universe.

As we experience the powerful Solar Eclipse on January 26, we have reached a critical time, a defining moment in our existence as individuals and as a planet. This is a time of great potential for expansion of consciousness, and we can gain the greatest blessing from this transformative occasion if we are prepared to let go of our old ideals and expectations, moving far past considerations of nationality, race, or culture as we embrace a new paradigm for our time.

The Spiritual Side of Financial Manifestation

True enlightenment—and true prosperity—means being able to function effortlessly in the material world while maintaining a spiritual focus. It’s a state of flow that brings rich blessings to you while your actions and attitudes simultaneously bless everyone you meet. But how do you do that when you’re out of money?

In answering that question, Stuart Lichtman, the developer of Cybernetic Transposition, has joined forces with “Attractor Factor” author Joe Vitale to create a massive ebook called “How To Get Lots of Money for Anything—Fast!” While it’s a wonderful resource for wealth creation, the techniques that Lichtman and Vitale reveal can also be used to improve health and spiritual well-being, increase success, strengthen relationships, lose weight (Lichtman says he lost 21 pounds in 21 days), and much more. You’ll find complete information on this amazing book at <http://www.anything-fast.com/?fid=astro> It’s guaranteed to change your life!
