WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR FEBRUARY

As February gets underway, Mercury returns to direct motion and we have an opportunity to absorb the lessons we have learned during the past three weeks or so. There is no doubt that we are now confronting challenging times, both in our spiritual endeavors and in our efforts to function effortlessly in the material world. Above all, our greatest opportunities for growth and enlightenment right now can come from the realization that even as we seem to be stepping backwards, even as we confront the possibility of greater struggle and deprivation, we have the chance to embrace a new and more refined understanding of who we truly are. Through what seems to be loss we can discover gain, through what seems to be randomness and inconsistency we can find the basis for true certainty, and through what seems to be blockage and limitation we can awaken to ever more dynamic and rewarding connections to those with whom we share the spiritual path.

The lunar eclipse at the February Full Moon brings us a profound time for extraordinary spiritual growth and incandescent self-examination. If we can appreciate all that we have been given and begin to express our thanks sincerely, even in some small way, we are likely to discover now that all the challenges and apparent difficulties that we have faced until now are really nothing more than evidence of the divine is nurturing that guides our lives perpetually. It is in that realization that we can truly find our highest calling—to become World Servers in all our thoughts, words, and deeds.

When we reach beyond the norm and expand our consciousness to new heights of genuine self-awareness, we are granted a sacred and profound opportunity that will make itself manifest in our lives in surprising and uncharted ways. This transformation is perhaps made most evident in our ability to act spontaneously for the greater good, opening ourselves to ever fuller expressions of grace and radiance. Best of all, we need not seek active definitions of what constitutes right action; it will infallibly arise without strain or effort from the silent bliss of our meditative union with divine intention.

When we charge our mental activity with emotional power, that strength of feeling can open up fresh avenues of personal and spiritual growth. It can also empower our awareness that in the diversity of spiritual paths in our families, in our communities, and throughout the globe itself, there is a richness of blessing that transcends all of our petty excuses for conflict and ego-driven separation. If, in the midst of that diversity, we have the integrity to know and to claim our own internal truth, that self-assertive submission to inner guidance will open up new opportunities for sharing love and inspiration with all who accompany us on the path of evolving consciousness.

The Spiritual Side of Financial Manifestation

True enlightenment—and true prosperity—means being able to function effortlessly in the material world while maintaining a spiritual focus. It’s a state of flow that brings rich blessings to you while your actions and attitudes simultaneously bless everyone you meet. But how do you do that when you’re out of money?

In answering that question, Stuart Lichtman, the developer of Cybernetic Transposition, has joined forces with “Attractor Factor” author Joe Vitale to create a massive ebook called “How To Get Lots of Money for Anything—Fast!” While it’s a wonderful resource for wealth creation, the techniques that Lichtman and Vitale reveal can also be used to improve health and spiritual well-being, increase success, strengthen relationships, lose weight (Lichtman says he lost 21 pounds in 21 days), and much more. You’ll find complete information on this amazing book at <http://www.anything-fast.com/?fid=astro> It’s guaranteed to change your life!
