WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

"What we are looking for is what is looking."

- St. Francis of Assisi

THE FOCUS FOR MAY

Maybe we've been trying too hard. Maybe extending greater effort and introducing greater strain into our nervous systems is not the most effective way to advance our spiritual evolution. In fact, if we take time instead to rest, relax, and reflect on all the ways that we can change our lives for the better, we can actually return to our former innocence. If we replace fear and skepticism with creativity and trust, we will be much more aware of the constant blessings life provides for us.

As we refresh ourselves in the spiritual glow of the Full Moon right after Mercury has begun its period of retrograde motion, it is time for us to pause and remember where we have been and to reconnect with the teachers and avatars that have come before us, the ones who have smoothed the path for our own evolution. Even when we seem to be the most disconnected from our true purpose, we are really on a course of accelerated growth, a journey leading us inexorably toward enlightenment.

There are times when the demands of the modern world come crashing in on our consciousness, doing everything possible to distract us from the divine centeredness that stands perpetually ready to keep us anchored in the ultimate reality. In the face of such disturbances we must of course adapt, but in that adaptation we can miraculously find the seeds of creative spirituality, opening our hearts to ever more exquisitely refined expressions of grace, love, and beauty.

As we move toward the end of the month and the end of the Mercury retrograde cycle, we have a profound opportunity to begin again, to reestablish ourselves in the primal awareness that lies at the root of all our spiritual realities and material experiences. It is in that awareness that our greatest and most honorable sensitivities abide, and we if allow ourselves the ease of connection with transcendental consciousness we can claim the fullest expression of those sensitivities as our divine birthright.

The Spiritual Side of Financial Manifestation

True enlightenment—and true prosperity—means being able to function effortlessly in the material world while maintaining a spiritual focus. It’s a state of flow that brings rich blessings to you while your actions and attitudes simultaneously bless everyone you meet. But how do you do that when you’re out of money?

In answering that question, Stuart Lichtman, the developer of Cybernetic Transposition, has joined forces with “Attractor Factor” author Joe Vitale to create a massive ebook called “How To Get Lots of Money for Anything—Fast!” While it’s a wonderful resource for wealth creation, the techniques that Lichtman and Vitale reveal can also be used to improve health and spiritual well-being, increase success, strengthen relationships, lose weight (Lichtman says he lost 21 pounds in 21 days), and much more. You’ll find complete information on this amazing book at <http://www.anything-fast.com/?fid=astro> It’s guaranteed to change your life!
