## WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

## THE FOCUS FOR JUNE

Now that Mercury has returned to direct motion, we can begin once again to direct our thoughts and our words toward the many ways we can bring Divine energies into our mundane reality. It's not, of course, that those energies are ever really lacking; our quest is simply to remember the reality of who we are, and to give full expression to the glorious potential that imbues our hearts, and with them the world around us.

So now it is time for us to take action. We have been divinely ordained, and we have been duly activated by the electrical energy of cosmic fire coursing through our consciousness. Now it is our task to allow the natural force of divine intelligence to manifest itself through us, moving us spontaneously from the realm of ethereal concepts into the fully crystallized realm of active spirituality and concrete enlightenment.

Maybe we believe that we need to be protected, or that we must somehow guard against the adverse effects of unseemly circumstances. But no matter how disruptive or unsettling matters may appear to be, are they not still fundamentally expressions of divine love and cosmic intelligence, if we only have the wisdom to see their true nature? When we accept the fact that the eternal force for good comes to us in many disguises, we can relax a bit and open ourselves up more readily to the graceful unfolding of the sacred plan in our lives.

Even though we may only be able to see lack around us, divine abundance is in fact the reality of our lives. Even as the forces of productivity pause and seem to retreat, they are really only communicating their infinite capacity for meeting unanticipated needs. When we are grounded in that consciousness, we can step forward boldly and graciously, effortlessly leaving behind the bonds of cultural fear and tribal ignorance.

As the Summer Solstice is joined by the New Moon, we raise a fresh flag, a banner that signals to all the integrity of our thought-forms and

## The Spiritual Side of Financial Manifestation

True enlightenment—and true prosperity—means being able to function effortlessly in the material world while maintaining a spiritual focus. But how do you do that when you're out of money?

In answering that question, Stuart Lichtman, the developer of Cybernetic Transposition, has joined forces with “Attractor Factor” author Joe Vitale to create a massive ebook called “How To Get Lots of Money for Anything—Fast!” While it's a wonderful resource for wealth creation, the techniques that Lichtman and Vitale reveal can also be used to improve health and spiritual well-being, increase success, strengthen relationships, lose weight (Lichtman says he lost 21 pounds in 21 days), and much more. You'll find complete information on this amazing book at <http://www.anything-fast.com/?fid=astro> It's guaranteed to change your life!
