## WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

## THE FOCUS FOR JULY

Amazingly enough, we have reached a point of fulfillment, a place where we can at last catch our breath and pause for a moment to recognize gratefully the wonder and the grace of what the divine forces of the cosmos have accomplished through us so far. In this opportunity for clarity and imagination, we can glimpse the broader avenues for service and achievement that lie ahead.

At the Lunar Eclipse on July 7 we are called again to a point of spiritual focus, calming our emotional turbulence through the healing serenity of meditation and personal rededication. In this sacred time we are no longer victims of circumstance, but artists and architects designing and shaping new realities for our physical bodies, for our relationships and communities, and for the consciousness of the planet as a whole.

There are times on the spiritual path when patience is its own reward. When we are willing to pause and reflect, to step back from our striving and experience the full vision of our divine potential in all its richness, we not only gain the benefits of expanded consciousness. We also prepare ourselves for the inevitable times of emotional stress that lie ahead, so that we can bring greater wisdom and balance to the great mission we are here to fulfill.

When we reconnect with the wellspring of love at the center of our being, we spontaneously open up a profound volume of ancient wisdom. All the insight, all the guidance, and all the practical imagination we need are here for us now. Thus we are given the benefit of reverence for our spiritual traditions, and with it the courage we need to cleanse our perception of the world.

Thanks to miracles of progress and the gifts of technology, we have tools at our disposal now that help us make better choices by measuring more precisely the results of our intentions. But lest the tools we have shaped begin to irreparably shape us instead, we have a sacred responsibility—to open our hearts to the wisdom that only comes through unconditional love, giving full expression to our essential divinity.

## The Spiritual Side of Financial Manifestation

True enlightenment—and true prosperity—means being able to function effortlessly in the material world while maintaining a spiritual focus. But how do you do that when you're out of money?

In answering that question, Stuart Lichtman, the developer of Cybernetic Transposition, has joined forces with “Attractor Factor” author Joe Vitale to create a massive ebook called “How To Get Lots of Money for Anything—Fast!” While it's a wonderful resource for wealth creation, the techniques that Lichtman and Vitale reveal can also be used to improve health and spiritual well-being, increase success, strengthen relationships, lose weight (Lichtman says he lost 21 pounds in 21 days), and much more. You'll find complete information on this amazing book at <http://www.anything-fast.com/?fid=astro> It's guaranteed to change your life!
