WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR SEPTEMBER

Our instinctive dedication to everything that is good, true and beautiful in our lives can empower us now to visualize higher goals more clearly and precisely. The more we energize our inner vision, the more vividly we can bring into manifestation the rich outpouring of divine grace that we are here to share with others. We no longer have to battle imaginary foes; we can just relax and let loving benevolence flow through us into every circumstance.

As Mercury goes retrograde, we are reminded that we need to pause and reflect, to step back from our daily activities and our ego-driven priorities so we can reconnect with who we truly are. If we give ourselves a time of refreshment, we not only recharge our spiritual batteries—we also create a powerful protective web of subtle energies that can defend us from the innumerable distractions that can divert us from our higher goals.

What kind of confirmation do we need? What experiences will be sufficient for us to believe without any shadow of a doubt that we are here solely to embody and express the divine impulse? Sometimes we apparently require extreme circumstances to blast through our presumed limitations so that we can rediscover the strength and stability of the Source which sustains us.

At times we may feel too busy to pay attention to spiritual matters. There is so much to think about, so much to plan, and so much to do. But we can often serve our higher purposes best when we simply pay attention to the mundane details, for in the actions that seem to be insignificant there are often the seeds of sacred evolution.

Belief and personal transformation are very private matters, but we are really never on the spiritual path alone. The guides, the avatars, the masters that preceded us on the path have blazed a trail for us to follow, and everyone who accompanies us today offers us both an opportunity for dedicated service and an invitation to discover new dimensions of enlightenment.

The Spiritual Side of Financial Manifestation

True enlightenment—and true prosperity—means being able to function effortlessly in the material world while maintaining a spiritual focus. But how do you do that when you're out of money?

In answering that question, Stuart Lichtman, the developer of Cybernetic Transposition, has joined forces with “Attractor Factor” author Joe Vitale to create a massive ebook called “How To Get Lots of Money for Anything—Fast!” While it's a wonderful resource for wealth creation, the techniques that Lichtman and Vitale reveal can also be used to improve health and spiritual well-being, increase success, strengthen relationships, lose weight (Lichtman says he lost 21 pounds in 21 days), and much more. You'll find complete information on this amazing book at <http://www.anything-fast.com/?fid=astro> It's guaranteed to change your life!
