## WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

**“What we are looking for is what is looking.”**

**- St. Francis of Assisi**

## THE FOCUS FOR OCTOBER

Belief and personal transformation are very private matters, but we are really never on the spiritual path alone. The guides, the avatars, the masters that preceded us on the path have blazed a trail for us to follow, and everyone who accompanies us today offers us both an opportunity for dedicated service and an invitation to discover new dimensions of enlightenment.

There are times when the highest act of spiritual dedication is simply to remember and reclaim our ideals, to visualize the splendid ways in which the Grand Design can manifest itself in our personal affairs and throughout the world. It is only then that we can muster the internal strength and durable integrity to confront the ego-driven ruthlessness we see around us, allowing the light of pure love to dissolve the willfulness that inevitably breeds disharmony and disappointment.

But how can we expect others to forgive us if we don't forgive ourselves? The shame of our past misdeeds and inept manipulations may come back to haunt us, but if we are prepared to open ourselves to the Ageless Wisdom that is perpetually ready to guide us, we can at least get a glimpse of the beauty and holiness that is the hidden essence of who we truly are.

Sometimes when we least expect it we can get amazing insights into the true nature of our divine reality, sensing that the cosmic structures which hold the Universe together are actually one and the same with our personal divinity. When that occurs the results are at once astonishing and humbling; once again we are given the chance to remember that whenever our egos drive us toward competition and dissension, we unavoidably damage our ability to express the sacred realities that surround us.

It's always a bit embarrassing to see someone unmasked, whether the one who is being exposed is a public figure or someone close to us. But even so, there is a richness of blessing in the necessity of facing consequences, a relief in moving past deception to reclaim an awareness of divine integrity. When we return to who we really are, our choices are obvious and our actions are unimpeded.

### The Spiritual Side of Financial Manifestation

As we confront the challenges of massive economic change, there is an inevitable impact on our spiritual development. True enlightenment—and true prosperity—means being able to function effortlessly in the material world while maintaining a spiritual focus. But how do you do that when you're out of money?

In answering that question, Stuart Lichtman, the developer of Cybernetic Transposition, has joined forces with “Attractor Factor” author Joe Vitale to create a massive ebook called “How To Get Lots of Money for Anything—Fast!” While it's a wonderful resource for wealth creation, the techniques that Lichtman and Vitale reveal can also be used to improve health and spiritual well-being, increase success, strengthen relationships, lose weight (Lichtman says he lost 21 pounds in 21 days), and much more. You'll find complete information on this amazing book at <http://www.anything-fast.com/?fid=astro> It's guaranteed to change your life!
