## WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

**“What we are looking for is what is looking.”**

**- St. Francis of Assisi**

## THE FOCUS FOR JUNE

Action is the keynote for us now, whether it is inspired by dramatic visualizations or by raving paranoia. No matter what its source, it carries the greatest risks when it is unaccompanied by thought, reflection, and analysis. But if we apply our full intelligence to our sacred roles and responsibilities, our actions spontaneously take appropriate form, manifesting abundant expressions of love, gratitude, and divine creativity.

We always have much to be grateful for, but what often provokes the greatest gratitude is simply our release from the tensions and inhibitions that have been holding us back. From the depths of our emotional turmoil it is time at last to let our old paradigms and restrictions go, to claim the rights and responsibilities of our newly-formed consciousness.

As we bring our fresh awareness to the many opportunities for growth so lovingly provided for us through the spontaneous support of nature, we can share our energy and enthusiasm, encouraging others to join us in celebrating the divine presence in all of the seemingly mundane activities that occupy our days. As our inspired activity increases, our imagination and creative intelligence naturally expand as well!

The real reward of this extraordinary time is the amazing shift that we can experience in our personal awareness. Once we have soared above the fear and pettiness that have held us back for such a long time, we can begin to grasp the broader implications of who we really are and who we are to become. The Divine Gift is ours to give as well as to receive.

How little planning or provocation are required for us to take the next step on the spiritual path! All we have to do is to allow the light of pure consciousness to wash over us, and the shadows of confusion and self-deception spontaneously slip away. If we have a clear vision of where we want to go and what we want to achieve, we can enhance our satisfaction and fulfillment, but even if we only vaguely grasp the potential in the moment we can still experience amazing growth.
