WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR OCTOBER

When we experience empty vulnerability, our open hearts are ready to receive the perpetually available gift of Divine Love, the abiding spirit that patiently helps us understand that solitude is not separateness—it is an opportunity to experience the underlying unity that sustains our strength and vitality.

In times of tension we are struck by our differences, and may in fact be magnetically drawn to individuals and situations which seem to be the polar opposite of who we think we are, adding to our emotional stress and challenging our energy and integrity. When that happens, however, we are called upon to breathe deeply, and to remember that in opposites we have the seeds of synthesis, and the opportunity to create new harmonies.

In the intensity of commerce and communications, we can feel extremely stressed by the demands upon our spirit and our intelligence. Instead of pushing harder to make ourselves understood or to compel others to conform to our wishes, we can often accomplish the most if we simply step back and relax. In our meditative silence, the Still Small Voice can speak to us, bringing us back to a state of harmony and effectiveness.

Before we can increase the scope of our effectiveness a spiritual agents in the world, we must begin by increasing the scope of vision and our compassion. When we are prepared to elevate our consciousness enough to complete our intuitive understanding of the Divine Reality which orders our existence, we can spontaneously align ourselves with the boundless harmonies that infinitely enliven all of our experiences.

When we devote ourselves fully to the Truth within our hearts, and when act without hesitation to express that devotion in every deed and each encounter, the manifestation of spiritual riches is certain to amaze us. Even so, it is our ability to stay quietly focused as we turn within that informs and enlivens our avid quest for ever-higher realms of spiritual manifestation.
