WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR NOVEMBER

Perhaps we can recall the original quickening impulses that brought forth such abundant expressions of Grace in the infancy of our personal quests for self-realization, especially if we can articulate the true nature of the intricate and forever-sacred connections we share with others on the path today. After all, it is through our conscious choice of those relationships, in spite of all their shortcomings, imperfections and limitations, that we have an opportunity to glimpse and grasp even more profound linkages of the Divine Intelligence that animate and illuminate our lives.

We would all like to believe that on our own we separately have the skill and intelligence we need to direct our lives flawlessly, but there are nevertheless times when we unintentionally deceive ourselves about our true capabilities. Yet even in times of profound confusion, we can imagine fresh possibilities for our lives if we reclaim our innocence, breathing in the fragrant aroma of the Divine Grace that perpetually sustains us as we approach life's challenges with childlike wonder.

Just when we need it most, we are assured of Divine assistance, whether it comes to us in the form of angelic aid, as miraculous intervention, or just the simple agency of the loving and concerned individuals who share our lives with us. Regardless of the form, the substance is the same in every case, and we can be forever certain that we are not alone as we confront the challenges of the spiritual path.

We may sometimes think we can deceive others into mistakenly believing in our righteousness, but in the end it only we ourselves who are deceived. The deception, of course, is not about righteousness at all—it is the ego's trickster work, striving to convince us that we are unworthy, inadequate—anything except the divine beings we truly are. When we remember our identity, and celebrate our boundless creativity, the madness inside of us transforms itself into sacred playfulness, and we spontaneously share rich blessings as we allow ourselves to play.
