WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR DECEMBER

When we allow our decisions to be guided by loving principles, we may feel vulnerable at first. But as we learn to trust the sustaining power of the divine wisdom that is ever-present in our lives, we can broaden our range of experience, opening up to fresh possibilities. The reward of that expansion is not only the gift of greater beauty and refinement in everything around us; it is also a greater clarity of purpose as we recognize within ourselves the kind of integrity and compassion that make us true leaders in the spiritual realm.

Fortunately we are not alone on our spiritual journey. There are others who have gone before us, and the richness of their examples creates the seed of new beginnings for us no matter how many times we are called upon to reinvent ourselves. That perpetual capacity for rebirth is a constant reminder of the Law of Vibration at work in our lives, bringing the Ancient Wisdom into contemporary contexts that offer us ever-more-surprising ways of celebrating the shared experience of spiritual growth.

Thoughts are things; what we imagine and where we put our mental focus determines our emotional state, our decisions, our actions, and our results. On the spiritual path, however, we are called up to move past the realm of simple thought, to mobilize our emotional bodies and then to take the kind of decisive actions that manifest the kind of change we are looking for. Then, emboldened by our activity and transformed by our divine connections, we can return to the realm of thought and reflect anew on the refinements we can add to our creative process.

As a Lunar Eclipse illuminates the Winter Solstice, we are likely to hear many voices expressing claims to leadership, asking for our allegiance as they strive to assert authority. But leaders have no dominion when they have no followers, and as followers of the spiritual path ourselves, we owe our allegiance only to the divine direction within our own hearts. That is the force that will guide us through the darkness to the rebirth of sacredness in the quiet center of our being.

Sometimes the most effective action we can take is a retreat, a pulling back into inner solitude and sanctity. In that seeming act of weakness we can often discover true strength, and through that strength we can gain the fortitude and foresight we need to gather up our spiritual resources, preparing ourselves for tests and trials that are yet to come. In doing so we are at our best when we humbly acknowledge the perpetual care that the beneficent Universe so lovingly provides.
