## WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

**“What we are looking for is what is looking.”**

## THE FOCUS FOR JANUARY

At the beginning of a New Year it is only fitting that we give thanks to all those who have preceded us on the spiritual path, blazing the trail and setting the high standards to which we aspire. Their example teaches us the value of clinging only to what is essential for our higher evolution, while supporting us in giving up things that are extraneous. As we open ourselves to higher levels of spiritual resourcefulness, we are infinitely more capable of sharing love and wisdom as we move ahead.

To bridge the gap between where we are and where we want to be, we have an absolutely reliable divine resource that we can consistently rely upon—the power of our imagination. Just as those who have gone before us on the spiritual path had to learn to take great risks as they embarked upon their journeys, we too can claim our power as pioneers when we transcend our egos and blaze a fresh trail for others.

All of our prior conditioning begins to dissolve, all of our expectations and assumptions vanish into mist, when we open ourselves fully to the power of Divine Force acting in our lives. No matter how much we may wish for positive transformations in the world around us, the real revolution is perpetually in our own hearts and minds, in those secret and sacred spaces where the voice of the silence speaks to us most plainly.

When we grow accustomed to thinking and acting dualistically, we inevitably get caught in a cosmic dilemma—how do we struggle against evil when simply doing good requires so much of our attention? The answer, of course, lies in the fact that no struggle is really necessary at all—we can stop our either/or, good/bad thinking dead in its tracks, and let sublimely guided inspiration guide us flawlessly toward our spiritual goals. When we willingly open ourselves up to Divine guidance, our progress is assured and our success is certain!
