WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR FEBRUARY

There are times when, more than anything else, we simply need a new beginning and a fresh perspective. That's especially the case when we are mired in struggle and suffering, and when our egos won't let us relax long enough to glimpse the divine intelligence and inspiration that is always available for us. On such occasions, the shortest and simplest route is one of submission to the invisible guiding hand that returns us to the path of love. Through its insistent nurturing, we are given amazing opportunities for true breakthroughs in consciousness.

Whenever we encounter immovable obstacles that bring our progress to a halt, we have hidden opportunities. Sometimes meeting resistance is just a signal that it's time for us to take a rest, to enjoy a little relaxation. When we can trust ourselves enough to let that happen, we spontaneously open up the realm of fresh possibilities and reaffirm our connections to Divine Purpose, discovering powerful and transformative expressions of genuine love.

As we approach the Full Moon we have a rare opportunity to revitalize ourselves energetically, to stretch our spiritual imagination in ways that open up new vistas of personal fulfillment and shared enlightenment. After all, when we open ourselves completely to the influx of Divine energy, it soon becomes impossible for us to avoid situations in which we are both compelled and honored to bring the gift of higher consciousness into the lives of others.

There's a very simple equation we have to accept as we move forward in our personal and social evolution. If we are going to expand our awareness and live up to our full potential, then we must be willing to embrace change. At times that may feel like a bold adventure, while on other occasions it may come with a horrible sense of restriction. In every event, however, we are assured that new transformations open the door to new possibilities!
