WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR APRIL

For much of this month Mercury is in retrograde motion, bringing stress and confusion to communications, delays to travel, and indecision to key plans and projects. But this Mercury retrograde period (from March 30 through April 23) is also our opportunity for spiritual renewal, and if we take some extra time for mediation and reflection we can move into activity with new energy and insight.

Like an electric shock, the polarization of experience can jolt us into new awareness, a fresh realization of who we really are and what we are capable of achieving in our lives. Every flash of illumination is an opportunity to begin again, to create a new reality in which the forces of polarization give us a unique vantage point from which to see our own foibles and pretensions, gaining sacred insights from the amusement embedded in our situation.

Sometimes we need expanded thoughts and bigger ideas if we are fully to grasp the true potential in the moment-by-moment expressions of divinity in our lives. This power of imagination is defined not so much by our ability to create parallel universes, but rather by our capacity for seeing the rich liveliness in the fabric and substance of our everyday existence.

Thoughts are things. What we think about, what we imagine and focus our attention upon, inevitably becomes manifest in our material surroundings. So what's keeping us from bringing greater joy, abundance, and delight into our everyday environment? When we discover what we want to avoid, we can more clearly articulate what it is we truly seek, and through that polarization we can experience firsthand the means of energizing our thoughts into more active manifestations.

As Mercury returns to direct motion, it is time for us to rediscover the meaning and fulfillment in our relationships. What we have allowed to be a source of conflict can now become a fountainhead of bliss and true spiritual renewal, demonstrating in no uncertain terms that the deepest blessings of the divine force come to us in human form.
