WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR JULY

There are times when we get so caught up in our plans, our goals, and our expectations that we forget what life can be like if we simply loosen up, relax, and take time to enjoy the moment. If we let our intuition guide us, we can open ourselves to profound insights and divine inspirations, breaking out of the confines of our limited thinking in surprisingly effortless and joyful ways.

If we think about the manner in which we are presenting ourselves to others, we are likely to focus on our flaws, our limitations, and our shortcomings. But if we drop our presumptions and simply express ourselves in heartfelt connection and unadorned conversation, our hearts will be filled with revived spirituality and easy understanding. Along the way, we can acknowledge the true worth of others and garner the recognition that we deserve ourselves.

Little by little, typically when we are least paying attention, we can gradually begin to feel hemmed in, even imprisoned, by the circumstances which, in reality, are divinely designed to nurture and protect us. Our ego-driven need for independence lets our internal stress build up, pushing us into confrontations, conflict, and unnecessary frustration. When that happens, of course, the most efficient way for us to move beyond the suffering is to give more freely of ourselves, releasing ourselves from the need for worry or judgment as we open up our hearts.

Although trust and lightheartedness are typically the keynotes of an effective spiritual path, there are also times when we are obliged to drill deep beneath the surface of our experience, to focus on the details and the inconveniences that may be temporarily painful to endure, but that offer us greater clarity, confidence and inspiration as we elevate our expectations for our own evolution and for blessings that we can share with others on the path.
