## WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

## THE FOCUS FOR SEPTEMBER

Our most original ideas and expressions-- the concepts and inspirations that are entirely private and profoundly self-significant-- are typically part of what we claim as part of our individual identity. But thought-forms are truly universal, and it is through our most inspired insights that we most completely participate in the web of cosmic affinities. Thus it is that we can see each new idea as evidence of divine activity, and as a reassurance that we are never alone in a benevolent world.

The web of cosmic relationships never fails to keep us connected in awe-inspiring ways, giving us ever-richer opportunities to amplify our spiritual awareness as we share our love and creative intelligence. While this interconnectedness is in many ways its own reward, we can also be assured that there are even greater benefits to come, since each small effort that we make on behalf of divine intention inevitably returns us ten-fold in the form of unexpected blessings.

The spiritual path is not always about passivity and inner directions. At times we can become electrified with bursts of enlightened energy, boldly asserting ourselves in dramatic and directed ways. Surprisingly enough, through intense polarization we can sometimes discover our fullest potential for merging with the divine purposes of the universal flow and the benevolent rhythm of the cosmos

No matter how experienced we may be, no matter how mature we may feel in our personal growth and development, we are all ultimately novices on the long and sometimes arduous path toward spiritual fulfillment. Because we are inexperienced within the grand scheme of things, we must rely on the wisdom and loving guidance of those who have gone before us, the individuals who are more fully realized and self-aware. We owe them respect and gratitude, not only as exponents of the perennial wisdom, but also as living examples of what we are destined to become.
