## WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

## THE FOCUS FOR DECEMBER

Sometimes we need to reexamine our past, taking a look back on both our failures and our accomplishments. As we do so, it's easy to experience regret or remorse, especially when we realize the many ways in which we have failed to measure up to our own expectations and to the perpetually-higher standards that divinely-inspired awareness demands. But instead of getting stuck in our own self-denigration, we have the option of reinventing our past instead, seeing it as an integral and essential part of our learning and evolution.

When we take a deep breath, reconnect with the absolute infinity within ourselves, and spend some time listening instead of talking, we automatically begin to align ourselves more creatively with the divine impulse in all of its many expressions and manifestations. Our ability to radiate grace and well-being, our capacity for bringing boundless blessings into the lives of others, is strengthened and solidified.

Once we are ready to get past our ego-driven need for self-aggrandizement, and are prepared to open ourselves to the primordial insistence of the divine imperative at work deep within our hearts, then we can suddenly find ourselves transformed in truly surprising ways. With that transformation comes a fresh experience of spiritual authority, and with that authority there is a solemn responsibility: the demand that we assume true leadership in our lives and in our relationships with others.

As we experience the darkest point of the year we can see the faintest light most clearly; we can rejoice sincerely in the modest rebirth of silent purity within our innermost being. The genuine sacredness we are experiencing now is not only a corollary of the timing and the environment in which we are operating; it is also a revelation of who we truly are.

“What we are looking for is what is looking.”

- St. Francis of Assisi
