WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR APRIL

When we reclaim our true natures and confirm our individual commitments to spiritual realities, the clarity and integrity of that action may seem at first to impose limitations on who we are and what we are capable of doing. While humility is certainly a virtue on the spiritual path, we must nevertheless be cautious about denying our own greatness as exponents of the Divine Plan. There is inherent boldness in the spiritual dimension, and with that boldness we are granted the unboundedness that truly characterizes the spiritual gifts we can present to the world.

It is through spiritually-inspired action that we can instantly overcome the limitations of tradition and the negative assumptions of old modes of restrictive consciousness. As we act in ways that affirm our shared brotherhood on the spiritual path, we not only move forward in our personal progress. We also get the surprising benefits that spontaneously come to use when we are willing to set aside our fears.

Pure imagination is the critical factor for us now, as is so often the case. If we are willing to summon the creativity and playfulness in the depths of our hearts, if we are able to breathe and imbibe the spirit of divine inspiration, we can imagine new realities. And as we do so, we magically and effortlessly begin to manifest the concrete forms and the dynamic relationships that allow us to transcend our former limitations, opening the door to amazing new expressions of who we truly are.

Too often we are unconsciously caught in the matrix of old paradigms and limited visions. Those restrictions can stifle our spiritual growth and our emphatic expressions unless we can summon the courage to redefine who we are and what we are doing, reframing the reality we are experiencing. When the symbols that surround us take on new meanings, we can get past the fears that limit us and approach all circumstances with an attitude of innocence and harmlessness, opening our hearts and minds to ever-richer showers of grace.
