WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR JULY

It's time for us to own completely the incredible power that is rightfully ours-- the burning manifestation of the cosmic energy that informs our intelligence, that orders the patterns of the planets, and that sustains the purposeful expressions of universal grace in all our activities. When we claim that power, the divine flame within us spontaneously shares its radiance with everything we touch.

The world around us may be shattered by material explosions at this time, but if we are truly attuned to our real purpose we will see those explosions as reflections of the dynamic explosions of love and wisdom within our hearts, unexpectedly transforming the rigid barriers and limitations that we have allowed to inhibit our most genuine expressions.

We can act successfully now, transcending all our assumed boundaries and limitations to open ourselves up to boundless and electrifying inspiration. In doing so, we are likely to experience tremendous upheaval in our lives, and we may even have to contend with dangerous or hostile situations, but all the stress and chaos is nothing less than the necessary catharsis allowing a new reality to be born.

How rapidly and effectively can we connect with others, and what are the messages we are delivering? The answers to these questions depend upon how well we are connecting with ourselves, and how perceptive we are in receiving the never-ending flow of messages from the Divine Force that guides our lives. When we are willing to be inspired, we can truly be inspiring, and when we concentrate our focus, we can truly be creative.
