## WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

**“What we are looking for is what is looking.”**

*- St. Francis of Assisi*

## THE FOCUS FOR DECEMBER

We always have within ourselves the potential for infinite growth and infinite fulfillment, but we must boldly release our preconceptions and patiently transcend the limits we have always taken for granted if we are to expand that potential into a bold declaration of enlightened consciousness. The choice is ours.

The world around us may be turbulent and full of rude awakenings, but if we remain grounded in spiritual realities we can rest assured of our perpetual connection with the wellspring of divine grace that resides deep within our hearts, the still small voice that is here to remind us of our birthright and our responsibilities.

Our existence on the human plane is inevitably full of uncomfortable shocks and surprises, giving us a constant reminder of what it means to be alive. If we are truly wise, however, we can maintain a steady focus on the deeper vein of blessings that permeates our lives, transcending all the strife and struggle in a constant reminder of the sustaining Grace that fills our days and nights.
