WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR FEBRUARY

We should not forget that discipline is a necessary part of the spiritual path, but discipline does not always mean uncomfortable limits and unsustainable restrictions. Whether it is in organized ritual or in the ebb and flow of our everyday lives, it can offer us the kind of structure that solidifies our spiritual practices, allowing ripples of divine energy to move through us more effortlessly and joyfully.

Our capacity for dreaming of enlightenment, and for imagining circumstances that give free expression to divine refinements, is one of our greatest and most precious gifts. But there are times when our imagination can become a tool of ego-driven fear and separation, and we find ourselves acting ways that betray the truth of our spiritual heritage. On such occasions we can choose love instead, grounding ourselves in the permanence of the the cosmic grace that perpetually nurtures and sustains us.

Whenever love seems limited, we need to reclaim our awareness of divine reality, to remember who we truly are. If we choose to see each misstep or setback as a key lesson in a never-ending progression of sacred evolution, we can appreciate every nuance of the spiritual path, forgiving ourselves in ways that empower greater courage and greater creativity in our participation in the healing of our planet.

The Law of Attraction assures us that thoughts are things, that what we imagine and believe becomes our reality and manifests in material form. The question is, what are we thinking about? If our thoughts are negative or limited, negativity and limitation are the inevitable results, especially if we aren't even aware of the restrictions we are unconsciously imposing upon ourselves. But if we have the spiritual audacity to envision personal participation in a refined coalescence of global harmony and creative cooperation, we have the power to transform the world.

It is time for us to marry our emotions and intuition with the force of our will, intelligence, and integrity, discovering new ways of stimulating the growth and beneficence that can further our personal evolution, heal our relationships, and transcend the struggles and conflicts that surround us in the realization that there are truly no limits to the unifying power of divine grace and love.
