WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR MARCH

While the rigid structures imposed by a sense of spiritual discipline may seem stifling at times, they can give us the clarity and consistency we need to trust the guiding force of our higher nature. When we are grounded in that solid sanctity, all our thoughts and actions are spontaneously propelled by love, opening our hearts to the full and free exploration of divine power in every aspect of our lives.

When we get caught up in spiritual vanity we can sometimes feel that we have a special dispensation, that we have all the answers that others are missing, and that our mission is to enlighten everyone around us whether they want to be enlightened or not. But if we return to the Still Small Voice within our hearts, we can make a new beginning, reclaiming our innocence and returning to genuine love.

When we devote ourselves to spiritual disciplines, we inevitably acquire new insights and inspirations that lift us to a greater awareness of who we really are and what we can accomplish. But with that revelation there is also responsibility. As spiritual seekers we have a duty to embody the highest and the best in everything we do, revealing the refined consciousness and purity of motive that express divine intention.

We stand astride two worlds-- the practical sphere of our day-to-day chores and interactions and the ineffable realm of luminous awareness that spontaneously pours forth from the divine source that surrounds us. Our task as conscious human beings is not just to occupy those contrasting worlds, but to bring them together in all our experiences, integrating the mundane and the divine in creative and empowering ways.
